F. M. ELLIS

AMERICA'S LEADING TREE SEEDSMAN
GRIFFIN, GEORGIA

20% DISCOUNT ON CASH ORDERS

FROM THE PRICES IN THIS CATALOG

SEASON OF 1935-36

POSTAGE PREPAID—NO PACKING CHARGES

ALL SEEDS NOW GUARANTEED

Beginning this season I will guarantee the germination on all nursery seeds I sell. You are the final judge. If results are not up to your expectations, I will cheerfully replace at 50% of the net Purchase Price any seeds you buy from me, if requested to do so at the end of six months from date of purchase, except that seeds supposed to germinate the second season will be replaced at request at the end of twelve months. I prepay postage on the replacement to you. I am the only Tree Salesman who has sufficient confidence in his seeds to guarantee them.

I WILL STRATIFY FOR YOU

Beginning this season I will stratify without extra charge any seeds you order from me, if you request me to do so, and deliver to you whenever you wish, all ready to be sown. This will save you many months of time. All seeds requiring stratification are kept stratified in stock now. When you order, kindly specify "stratified seeds." No one else offers this service free.

\$200.00 IN CASH PRIZES

I will pay \$10.00 each for the Ten Best Letters from old customers who describe their methods of producing seedlings from seeds purchased of me during the past ten years. Tell me your results by comparison with results obtained from seeds obtained elsewhere, how you prepare your seedbeds, care for them, etc. Letters should be not over 500 words long, and should be sent to me before June 1, 1936. Three Fellows of the Royal Horticultural Society residing in America will be the judges. Awards will be mailed July 1, 1936. Size of your order at any time in the past will not count.

For each of the Ten Best Letters from new customers this season, explaining in not over 500 words their reasons for ordering their nursery seeds from me, I will pay \$10.00 each. Describe your past results with seeds from other sources, your propagation methods, and what influences governed your decision to buy Ellis' Guaranteed Seed this season. Letters should reach me by June 1, 1936, and will be judged as in the above paragraph, and awards mailed out July 1, 1936. The size of your order will not count.
